

HULK VOM PROCTOR HOUSE

Designer Gorilla Bloodline | Foundation Stud

Hulk Vom Proctor House is a cornerstone male of Proctor House Rottweilers and an important part of the foundation behind our Designer Gorilla Bloodline.

Born July 21, 2022, Hulk is an American-bred Rottweiler backed by strong Serbian and European bloodlines. He represents exactly what we strive to produce at Proctor House: powerful structure, heavy bone, an impressive headpiece, strong breed type, confident temperament, and undeniable presence.

Hulk is the son of Hannibal Rotco-Roler × Khybearah Von Der Sol. His pedigree features respected bloodlines and dogs including Marshall Rotco-Roler, Hulk Crni Vitez, Eminem Vom Hause Edelstein, Dolcegabbana Vom Tannenfeld, Diablo Timit-Tor, and Doctor Timit-Tor.

Health Tested

Hulk isn't just about looks and pedigree. Health testing is an important part of our breeding program.

Hulk received an A rating on his hips and 0 rating on his elbows through his international FCI/KSS hip and elbow evaluation.

He has also been DNA tested through Embark and cleared of more than 272 genetic health conditions tested, giving us additional information to make educated and responsible decisions when selecting his breeding partners.
